DECLUTTER

Declutter, is the 'To Do' word of today to make your life easier and less stressful.

Who doesn't dream of a stress-free life? So, I thought I would look into this, as our house has 2 homes worth of furniture in it - along with items we are storing for children. Then you add a husband and wife who cannot throw anything out because we might just need it later, equals a storage unit not a home and don't get me started on the sheds.

Hence the need to research 'how to declutter' and I've found they all say the same thing. If you haven't worn it or used it in the last twelve months it needs to go, you either keep the item, throw it out, donate it or sell it. *Easier said than done when you have a husband who won't get rid of anything.*

So, I've done some more research on the matter and I have decided to adopt the Japanese method of decluttering and the following is the outcome so far and I'm so much happier. 😊😊😊😊😊😊😊😊

I tried the Japanese method of decluttering where you hold every object that you own and if it does not bring you joy, you throw it away. So far I have thrown out all of the vegetables, my bra, the electric bill, the scale, a mirror, and my treadmill.

- 1. Now I need to keep going, room by room**
- 2. Nothing will be safe**
- 3. I might even head out to the dreaded sheds**
Editor's Note: Oh no you won't!!!!
- 4. The man of the house will need to look out if he doesn't get with the programme**

STREET STALL – The ladies of the St Brigid’s Tennis Club conducted a stall last Friday afternoon. The profit was around the 18 mark which was quite good in view of the fact that little publicity was given to this effort. The dinner was won by Peter Marris. The ladies thought you might like to know and they take the opportunity to thank each and every one who helped in any way to make the stall a successful one.

TELEVISION – I have been requested by Winchombes to draw the attention of its many clients to their offer regarding television. Briefly the position is that you may pick out exactly which make or model you require which will be supplied by the firm. Messrs Dickson & Primer will survey your site and erect a suitable antenna and enter into a service agreement with you and the whole cost is subject to a liberal discount and may be booked as normal merchandise against your wool etc. Further particulars are available if you are interested.

NEW AUSTRALIANS – Two brand spanking new Australians saw the light of day for the first time this week. To Mr & Mrs Don Pollock congratulations on the arrival of a son, and the same congratulations are in order to Mr & Mrs “Snow” Sinclair for the arrival of a son. In all cases Mother and child are doing well. Mrs Sinclair and the baby are at the Quandialla Hospital so that visiting is made easy.

Until next week – Cheers **Sue Priestley**
